Why Atlanta Homestays?

Atlanta Homestays excels at placing visiting International students in homestays with American families to enhance their English language skills while experiencing American culture and family life!

Our host families are experienced at hosting students and look forward to welcoming their new homestay guest.

Host families are required to live close to Atlanta's rapid transit system, MARTA, to provide students with clean, safe, convenient transportation to the University and around town.

The host will provide a private, completely furnished bedroom and a private or shared bathroom. American breakfast and dinner is included daily in the homestay fee.

Atlanta Homestays will do its best to find a suitable host family for each student to ensure a comfortable stay.
